

◆ COMPULSORY FEES

The students registered as part of an international exchange or to get a double-degree in association with a foreign higher education institute are not affected by the payment of these tuition fees.

		TUITION FEES ¹	
		FULL RATE ²	LOWERED RATE ³
Intensive Foundation Degree (= CPGE)		170 €	
ENGINEER PREPARATORY CYCLE	EU students	601 €	401 €
	Non-EU students ⁴	2770 €	1812 €
BACHELOR DEGREE	EU students	170 €	113 €
	Non-EU students ⁴	2770 €	1846 €
ENGINEERING COURSE <i>(except engineer students with apprenticeship status)</i>	EU students	601 €	401 €
	Non-EU students ⁴	3770 €	2513 €
MASTER COURSE	EU students	243 €	159 €
	Non-EU students ⁴	3770 €	2513 €

¹ Students with apprenticeship status are not affected

² The amount of 34 € assigned to the Documentation Service (Library) is included in the registration fees

³ This lowered rate is related to the students :

- ☛ who benefit from a « year off » (= année de césure)
- ☛ who are registered at the same time to get a double degree in the same institute

 In the case of a double-course Engineering course / Master course, the registration in the Engineering course is considered as the main registration whose fees are to be paid at the full rate ; the lowered rate of the tuition fees applies as for it to the Master course whose registration is then taken into account as a second registration.

⁴ Partial exemption bringing the amount of the registration fees, owed by the non-EU students, to the amount that applies to EU students :

- for the whole period of the university course of the non-EU students registered at the institution for the academic year 2019/2020
- only for the academic year 2020/2021 for the non-EU students who register for the 1st time at the institution. These students will have the means to ask for an exemption of the differentiated registration fees by submitting a demand file to the Social Student Committee when they will reregister next academic year (2021/2022)
